This will get you a genuine Bank Guarantee or Standby Letter of Credit Guidelines and Procedures for Borrowing Financial Instruments backed by highly rated Securities which will back up your genuine Bank Guarantee or Standby Letter of Credit!

Watch this short video clip

## WHAT IS SECURITIES LENDING?

Securities Lending Explained - What you need to know in 5 minutes!

### Through this concept you can **BORROW** Securities for your Credit Enhancement!

Financial Instruments from Euro 15 million to Euro 1 billion are generated and emitted, backed by highly rated Certificates of Debt (listed and rated Securities), which can be MTN, Bond, an Europaper, or a Commercial Paper and can be delivered (also) in the form of a Bank Guarantee (BG), or Standby Letter of Credit (SBLC) backed by such high rated debt instruments. The emission and transmission is via SWIFT MT760 by the Provider's banks HSBC, Deutsche Bank, Standard Chartered Bank, Barclays, UBS AG and Credit Suisse AG.

- Here is the Deal! You order a bank instrument (SBLC or BG) for Euro 15 million up to Euro 1 billion backed by highly rated securities.
- The Provider (a Securities Dealer) will buy a Security on the Secondary Market for your transaction in the respective amount.
- On the back of the Security he issues a fully cash backed Bank Guarantee or a Standby Letter of Credit and sends it to your bank for your beneficial use.
- Your bank pays only the service fee for the use of the instrument for one year.
- After one year your bank guarantees to return the instrument unencumbered or you renew the service which can be for up to 4 more years.

### **This is the procedure to follow:**

Step 1: The borrower submits this application and the Client Information Sheet and requests an offer in the form of a personalized Global Master Security Lending and Borrowing Agreement to lease an instrument. Upon a most complete application an offer in the format of a personalized Global Master Security Lending and Borrowing Agreement will be issued and sent to the Applicant.

Step 2: The borrower presents the draft of the Global Master Security Lending and Borrowing Agreement to his bank and negotiates acceptance of the securities borrowing transaction and the payment method.

Step 3: Once the borrower has the agreement of his receiving bank, the client submits his Letter of Intent.

Sep 4: The final and fully completed original copy of the Global Master Security Lending and Borrowing Agreement will be issued and sent for signature, together with an invoice for the expenses due to cover the Call Option fees.
