## A BRIEF SUMMARY OF SERVICES

# Are you an entrepreneur seeking a Prime Bank Guarantee or SBLC to support your business?

If you can't get the instrument from your own bank for any reason, Collateral Lending is the only way that you can benefit from a valid financial instrument on loan from a third party. This is the only alternative to access genuine and verifiable Prime Bank Guarantee Instruments and is available to clients with a good banking relationship supported by their own bank, or a financially well backed funder, based on Securities Borrowing and Lending procedure.

# Do you seek Commodities and Trade Finance?

WELL ESTABLISHED TRADING COMPANIES  
ACCESS GENUINE TRADE FINANCE.

## **Letter of Credit (LC):**

A financial instrument issued by a bank on behalf of a buyer, promising to pay the seller upon receipt of specified documents and compliance with the terms and conditions.

Typically, available to buyers and sellers with a track record of international trade, good creditworthiness, and a need for secure payment and shipment arrangements.

## **Export Credit Insurance:**

Insurance policies that protect exporters against non-payment by foreign buyers or political and economic risks in the buyer's country.

Available to exporters seeking to mitigate credit and political risk when dealing with overseas buyers. Qualification may depend on the exporter's track record and the destination country's risk profile.

## **Factoring and Forfaiting:**

Financial arrangements where a company sells its accounts receivable (invoices) to a financial institution at a discount (factoring) or without recourse (forfaiting).

Applicable to businesses with creditworthy customers and a need for immediate cash flow. Qualification may depend on the quality of the receivables.

## **Supply Chain Finance:**

Financing solutions that optimize cash flow by allowing buyers to extend payment terms while providing suppliers with early payment options, often facilitated by a third-party financier.

Accessible to buyers and suppliers with a solid financial position and a willingness to participate in supply chain finance programs.

# Financial instrument Monetizing.

## IF YOU WANT TO BORROW AN INSTRUMENT FOR MONETIZATION

An applicant client (borrower) wishing to engage a monetizer or a funder will have to be of financial substance himself.  
The receiving bank of the instrument will have to be prepared to issue or endorse a payment instrument for the borrowing and lending fees.  
The receiving bank will have to confirm that it will return the financial instrument 15 days prior maturity in case the service is not renewed on time.  
If such confirmation is not available, the client can purchase a bond to compensate the potential risk of lending valid collateral.  
If the receiving bank is not the client's own bank, the funder, or monetizer will have to become contractual partner of the borrowing and lending transaction.
